

LEBANESE AMERICAN UNIVERSITY
STUDENT CODE OF CONDUCT

Article I: Introduction

The Lebanese American University (LAU) Student Code of Conduct emanates from the institutional values, mission, and vision of a university committed to Student centeredness, the education of the whole person, the enhancement of Student leadership, the promotion of the highest ethical and moral values and aspirations, the safeguarding of academic integrity, the development of a deep sense of civic engagement, and the advancement of peace, democracy, and social justice.

In the context of a university operating as an extended family community, the Student Code of Conduct regulates the pedagogical and behavioral relationship between administration, faculty, staff, and Students. It describes the boundaries of acceptable Student behavior and considers the individual Student's welfare as inseparable from the welfare of the University community. The Student Code of Conduct works in tandem with the Schools' bylaws which address school-specific issues and concerns. While Students have the privilege to enroll at the institution of their choice, choosing to enroll at LAU requires them to become aware of and abide by the behavioral standards of the University.

The University respects the dignity of all individuals and in return expects each individual to have that same respect for others within the University community, so that all may achieve their full potential. Membership in the LAU community imparts to every Student a set of rights and responsibilities that are essential to the University's educational mission. LAU Students enjoy the rights to freedom of thought and expression; freedom from discrimination on the basis of race, ethnicity, religion, national origin, gender, sexual orientation, age, disability, or family status; participation in the academic and non-academic opportunities offered by the University; and fair judicial process in the determination of accountability for conduct. In return, Students are expected to exhibit responsible behavior that complies with all provisions of the Student Code of Conduct and abstain from harming or threatening to harm any individual or group. The University will take appropriate disciplinary action in situations involving misconduct or demonstrating flagrant disregard for any person or property.

Disciplining Students is part of the learning process and, as such, its focus shall be educational for the individual and for the University community. This includes the possible use of suspension or expulsion and/or other penalties or remedies. Any query about the processes, rules, or policies, or any other concern not specifically covered by the Student Code of Conduct shall be decided by the University Student Affairs Council. Additionally, the Student Code of Conduct may be extended or amended to apply to new and unanticipated situations. Enrollment in the University does not protect Students from their obligation to behave in a manner consistent with Lebanese law.

Article II: Student Rights and Expectations

1. In General

Within the framework of the LAU Bylaws and applicable policies and procedures, including those pertaining to standards of conduct, LAU shall endeavor to provide a campus and institutional environment in which:

Article IV: Disciplinary Proceedings

All members of the University community, including all Students, have a responsibility to cooperate fully and truthfully with the Dean of Students, University Student Affairs Council, Appeals Committee, any Ad Hoc Disciplinary Committee and other University officials in connection with investigations of disciplinary complaints and related proceedings including appeal proceedings.

1. Reporting and Decision Procedure

1.1. Non-Academic Violations

Step 1: Report suspected misconduct. Any member of the University community may report alleged violations found in the “Non-Academic Violations” section of the Student Code of Conduct. A written complaint normally must be sent to the Dean of Students’ Office no later than seven (7) days after the occurrence. For incidents of harassment, a complaint must be submitted to the University Legal Counsel’s Office, as per the University Harassment Policy available at:

http://www.lau.edu.lb/about/governance-policies/policies/harassment_policy.pdf

In the case of sexual harassment incidents, and because of the severity and sensitivity of such cases, there is no set time frame for which incidents must be reported under. However, Students are encouraged in this case to report the incident as soon as possible to the University Legal Counsel, as per the University Harassment Policy.

Any proven instances of rape will be subject to immediate termination from and/or affiliation with LAU.

Step 2: Process the complaint. All claims will be processed by the Dean of Students' Office unless otherwise provided for in this Student Code of Conduct and applicable University policies. The Dean of Students and/or the Ad Hoc Disciplinary Committee shall gather pertinent information that shall include a meeting with the complainant and the accused Student. The Dean of Students may also meet with other concerned parties. The Dean of Students shall proceed in one of the following manners depending on the nature of the violation:

- a. For offenses where the greatest sanction possible is a double warning (as defined in Section 2 below), the Dean of Students shall issue any appropriate sanction no later than seven (7) days after receiving the initial written complaint.
- b. For offenses where a sanction may include a suspension or expulsion, the Dean of Students, in consultation with the Vice President for Student Development and Enrollment Management (the "VPSDEM"), shall form an Ad Hoc Disciplinary Committee to investigate the complaint, make a determination and issue any appropriate sanction. The Ad Hoc Committee shall consist of the Deans of Students, a Faculty Senate Representative, and the relevant campus Counselor. The decision and issuance of the sanction shall take place no later than thirty (30) days after receiving the initial complaint.

All sanctions must be in line with the set sanctions for non-academic violations defined in Appendix A. The Dean of Students or the Ad Hoc Disciplinary Committee shall review the accused Student's record for prior offenses. If a Student is a previous offender a Non-Academic violation, the Dean of Students or Committee normally shall increase the severity of the sanction. Any suspension or expulsion requires the prior approval of the University President.

Step 3: Inform the Student. When a final decision has been reached, the Dean of Students shall promptly inform the Student both orally and in writing of the decision. The Student has seven (7) days from the date the Student is informed in writing of the decision to appeal the decision in accordance with Article IV, Section 5 below.

Step 4: Maintain Student records. The designated staff at the Dean of Students' Office shall update the Student's record. The Dean of Students' Office shall be responsible for coordinating all follow-up actions and maintaining the central recording system of all violations and respective actions.

1.2. Academic Violations

Step 1: Report suspected misconduct. The course instructor shall notify the accused Student that the instructor has identified an academic violation. The course instructor shall promptly inform in writing the relevant department Chairperson and the Dean of Students of the violation.

Step 2: Process the complaint. All claims will be processed by the Dean of Students' Office. The Dean of Students shall form an Ad Hoc Committee that consists of the course instructor, relevant department Chairperson, and the Dean of Students. Additionally and depending on the severity and frequency of the violation, it may also include the VSDEM, a representative from the Faculty Senate, a representative from the Student Council and the University Legal Counsel. The Committee shall gather pertinent information and meet with the accused Student and any other relevant parties prior to issuing an appropriate sanction as per the Table of Sanctions for Academic Violations listed in Appendix B, no later than fourteen days (14) after receiving the initial complaint.

If a Student is a previous offender of an Academic violation, the Committee normally shall increase the severity of the sanction. Any suspension or expulsion requires the prior approval of the University President.

Step 3: Inform the Student. When a final decision has been reached, the Dean of Students shall promptly inform the Student both orally and in writing of the decision. The Student has seven (7) days to appeal the decision, in accordance with Article IV, Section 5 below.

Step 4: Maintain Student records. The designated staff at the Dean of Students' Office shall update the Student's record. The Dean of Students' Office shall be responsible for coordinating all follow-up actions and maintaining the central recording system of all violations and respective actions.

If a student, as a result of cheating, wants to drop the course because he/she is failing it or foreseeing himself/herself earning an unsatisfactory grade, he/she cannot get a WP/WF. He/She must remain enrolled in the course until receiving the deserved grade.

2. Sanctions

Sanctions may be imposed upon any Student who engages in misconduct in violation of the Student Code of Conduct. Sanction determination shall be based on the severity of the offense and the record of the accused Student. Multiple violations of this Code normally shall increase the severity of sanctions applied. Counseling may be recommended with any of the below sanctions.

All sanctions are administered by the Dean of Students' Office, as per the provisions of this Student Code of Conduct. Following is a full and complete list of sanctions:

- a. **Verbal Reprimand**
- b. **Citation:** Written notice that specific inappropriate conduct is unacceptable. Two citations will immediately translate into a warning.

- c. **Warning:** An official written censure containing three components: a reprimand for inappropriate behavior, notice that the conduct associated with the violation must stop immediately and permanently, and notice that additional violations shall result in more severe sanctions. A warning may be supplemented with the loss of certain privileges such as denied access to any University Premises, denied participation in a University event, or denied participation in the Student Council elections. Students who have received a warning may not run for the Student Council. In the case of certain academic violations the Student may receive a Zero or an F on the exam, assignment, or course in which the violation has taken place in addition to a warning.
- d. **Double Warning:** An official written censure containing, in addition to the three components of (c) above, an immediate suspension of benefits of Financial Aid. A third warning leads to immediate suspension for one regular semester. A double warning may be supplemented with the loss of certain privileges such as denied access to University Premises, denied participation in a University event, or denied participation in the Student Council elections. Students who have received a double warning may not run for the Student Council.
- e. **Disciplinary Suspension:** Separation of the Student from the University for a definite period of time, after which the Student is eligible to return, after completing the conditions for readmission, if any. During the suspension period, the Student under suspension shall forfeit all rights of his/her Student status and access to University Premises may be revoked. The minimum period of suspension shall be one (1) term and the maximum period of suspension shall be one (1) academic year.
- f. **Expulsion:** Permanent separation of the Student from the University. An expelled Student shall have no access to University Premises and shall forfeit all rights of his/her Student status immediately and permanently upon expulsion.

A Student who fails to abide by the sanctions imposed normally shall become subject to more severe sanctions.

3. Disciplinary Record/Files

Because of a potential risk to the reputation and rights of the Student suspected of misconduct, great care must be taken in handling the claim and preserving confidentiality. This obligation of confidentiality applies to all participants in an investigation, including committee members, witnesses and administrators.

4. Interim Suspension

In certain circumstances, the Dean of Students may impose an interim suspension prior to the investigation for a period that ends with the submission of the investigation report to the appropriate committee. The Dean of Students shall notify the VPSDEM of this decision. Interim suspension may be imposed for one or more of the following reasons:

1. To ensure the safety and well-being of members of the University community or preservation of University property;
2. To ensure the Student's own safety and well-being; or
3. To ensure the normal operation of the University if the Student is disruptive.

During the interim suspension, Students shall be denied access to the University Premises (including classes) and/or all other University activities or privileges for which the Student might otherwise be eligible; she/he may also be denied access to the Residence Halls.

Students placed on interim suspension are entitled to an investigation, as outlined within this Student Code of Conduct, by the Dean of Students and the VPSDEM. If an accused Student is placed on interim suspension and later found innocent of the violation of this Code of which he or she was accused, the Student must be permitted to submit any coursework and sit for all examinations missed during the time of his or her suspension; additionally, any classroom time missed by the Student due to an interim suspension shall not be reflected in a decrease of any participation credit for the classes missed.

5. Appeals and Grievances

The University recognizes the Student's right to appeal. Any Student dissatisfied with a given sanction may appeal the decision by following the below procedure.

Step 1: The Student submits a letter petition to the University Student Affairs Council through the Dean of Students' Office.

Step 2: The University Student Affairs Council forms a subcommittee (the Appeals Committee) to study the appeal. The Appeals Committee is formed of the VPSDEM, Dean of Students of the relevant campus, Chairperson of the Department to which the student belongs, a Faculty Senate Representative (other than the one who served on the Ad hoc Committee), and a Student Council Representative.

Step 3: The Appeals Committee will study and discuss the appeal. The Appeals Committee may meet the accused Student or other concerned parties if more information is necessary. The Appeals Committee, through consultation with the President of LAU, shall issue a final, written decision no later than thirty (30) days after the submission of the petition. Once the decision is ratified by the President, it is final and irrevocable and does not fall under the jurisdiction of any other committee within the University.

Step 4: The Dean of Students shall inform the Student both orally and in writing of the final decision, and shall provide the Student with a copy of the appeal decision.
