1- Open Chrome Browser
2- Go to Browser Settings:

3- The Settings page will open with search criteria available, write down the word "clear" and click on clear browsing data

4- In the page of clear browsing data, make sure the options under Basic and Advanced tabs in both screen shots below are set before hitting the clear data.

Clear browsing data

| Basic | Advanced |

Time range   All time ▼   **1**

Browsing history
Clears history and autocompletions in the address bar.

☑ Cookies and other site data
Signs you out of most sites.

☑ Cached images and files
Frees up 319 MB. Some sites may load more slowly on your next visit.
